Christian Ajulor

Data Scientist

Data Scientist familiar with gathering, cleaning and organizing data for use by technical and non-technical personnel. Highly organized, motivated and diligent, skilled in exploratory data analysis, machine learning algorithms and Python. Enthusiastic and eager to contribute to team success through hard work, attention to detail and excellent organizational skills.

📍 No 21 Chief shedrack street, off Alcon road, woji, Port Harcourt, Nigeria

SKILLS

- Machine learning
- Power BI
- SQL
- Tensorflow and Keras
- Scikit Learn
- Analytically oriented
- Exploratory Data Analysis with Pandas, Numpy, Plotly, & Matplotlib
- Microsoft Excel, word, Powerpoint
- Leadership
- Python and Django
- Data Visualization
- Data Analysis
- Technical Acumen

LANGUAGES

English
Full Professional Proficiency

INTERESTS

- Tech savvy
- Data Analysis
- Football

EDUCATION

B.Eng petroleum engineering
University of Benin
04/2014 - 10/2018   *Benin city*

WORK EXPERIENCE

Data Scientist
Freelance.
12/2019 - Present

Data Science Intern
HAMOYE AI
06/2020 - 12/2020
Achievements/Tasks
- Created data visualization graphics, translating complex data sets into comprehensive visual representations.
- Worked on several open source projects.
- Applied statistical and algebraic techniques to interpret key points from gathered data
- Used machine learning algorithms to analyze and solve complex business problems.

Buisness Development Analyst
Safety Environtoxin Nigeria limited
07/2019 - 06/2020   *Port Harcourt*
Achievements/Tasks
- Gathered, organized and modeled data to assist management in making key decisions.
- Tracked and analyzed reports to determine needed improvements.
- Generated reports of findings to help management with making key decisions.
